Celebrating Darwin's Anniversary –
The 3rd Darwin Day Symposium on

Re-thinking Evolutionary Biology: Understanding Mechanisms of Genetic Change

◆ Wednesday, February 15, University of Haifa ◆

Speakers:

- ◆ **Adi Livnat, University of Haifa** - Neither Lamarckian nor Accidental: A Third Way of Interpreting the Nature of Mutation
- ◆ **Eibi Nevo, University of Haifa** - Sympatric Speciation: Darwinian Illusion or Natural Reality: Tests at “Evolution Canyon” and Galilee
- ◆ **Erez Braun, Technion** - Cell Adaptation by Exploratory Dynamics
- ◆ **Erez Levanon, Bar-Ilan University** - DNA and RNA Editing of Retrotransposons Accelerate Mammalian Genome Evolution
- ◆ **James Shapiro, University of Chicago** - Biological Action in Read-Write Genome Evolution
- ◆ **William Martin, Heinrich-Heine University, Düsseldorf** - Endosymbiotic Origin and Differential Loss of Eukaryotic Genes
- ◆ **Yoav Soen, Weizmann Institute of Science** - Adaptation by Natural Improvisation

The symposium is free of charge, but the number of participants is limited.

Registration (Name and Institute) for the symposium is required by January 30, 2017.
Please register at: [Darwin Day 2017 Registration](#)

Organizers and Program Committee:

Rami Reshef, Department of Evolutionary and Environmental Biology, University of Haifa
reshefr@sci.haifa.ac.il

Yoav Soen, Department of Biomolecular Sciences, Weizmann Institute of Science
yoavs@weizmann.ac.il

Adi Livnat, Department of Evolutionary and Environmental Biology, University of Haifa
adi.livnat@gmail.com
